Dear Mr. Lewis,

On behalf of the Community Preparedness Division at the Federal Emergency Management Agency, I want to thank you for taking the time to be a presenter at the 2009 National Conference on Community Preparedness: The Power of Citizen Corps. We received a great deal of positive feedback on the conference and your presentation helped make it a tremendous success.

We hope that in addition to sharing your insights and expertise, you were able to meet others who share your interests and that you heard new ideas and learned about projects and activities around the country that made your participation in the conference worthwhile.

On the conference website ([www.citizen corps.gov/nccp](http://www.citizen corps.gov/nccp)), we have now posted conference pictures, speakers' PowerPoint presentations, and other post-conference information. Soon we will also have keynote speaker videos and transcripts posted. And in keeping with our goal to improve information sharing on community preparedness activities, we invite you visit our homepage to sign up to receive email alerts and RSS feeds from our office. And you can also follow us on Twitter.

Thank you again for your participation in the 2009 National Conference on Community Preparedness. We look forward to hearing updates on your continuing efforts to strengthen community safety and resilience.

Sincerely,

A handwritten signature in black ink that reads "Karen Marsh".
